Brophy Sports Medicine Neurocognitive Baseline Testing for Athletes

As part of our concussion management program, higher risk sport athletes are to complete a "baseline neurocognitive test", to establish normal brain function. If a concussion is sustained, another test can be administered to help determine when an athlete has returned to normal neurological function, to begin the 5 day progression back to play. There are 2 components to this testing, an online ImPACT test (instructions below) and a "SCAT3" test, which is administered by the Athletic Training staff (if feasible). **The ImPACT test is separate from the "Brain Book", which is an educational tool required by the AIA to teach athletes about concussions**. Instructions for the ImPACT test are below. If unable to complete at home, please see a Brophy Athletic Trainer to arrange test at school. Since this baseline test is vital to making prudent medical decisions about concussion management, failure to complete the test in a timely manner may result in suspension from athletic activity. If you have any questions please contact Chris White at cwhite@brophyprep.org

*Please complete the ImPACT baseline test ASAP (estimated time 30 min's)
ImPACT Login Instructions:
1. Use a **WIRED MOUSE** (no exceptions) and make sure room is free of distractions during the test.
2. Use Internet Explorer 6.0 or above or Firefox 1.5 or above, preferably.
3. You must have Macromedia FLASH PLAYER 10.0 or newer (can download at www.adobe.com
4. If you have a pop up blocker installed you must turn it off for the duration of the test (Click on your browser menu and uncheck popup blocker- may be under "preferences" or other control). For Internet Explorer, click on "tools" and make sure popup blocker is turned off.
5. If you are running Windows 7.0, make sure power management is set to High Performance, otherwise performance will be slowed, negating test scores
6. Turn off all other programs running on your computer
7. Go to www.impacttestonline.com/atstilluniversity
8. Click "Launch Baseline Test"
9. Enter the following Customer ID Code: **1994B867D0** (last digit is number zero)
10. After you have chosen "English" for the language, from the drop-down menu under A.T. Still University, you will select "Brophy College Preparatory" as your School/Location.
11. No need to print confirmation. When test is completed you are done.
